

## Church Sales and Entertainments.

**Catholic Fair.**  
Pythian Hall took on a gala appearance last week in preparation for the annual fair held by St. Aloysius church. The booths were arranged in the dining room, and were prettily decorated with paper flowers and Japanese trinkets. Fancy and useful articles were on sale, also home made candy, and handkerchiefs were contributed from far and near, a large variety being for sale. A program was arranged for each evening and large audiences were present.

Friday evening the entertainment consisted of a flag song by the children of the parish, and the presentation of "The Discontented Sisters," which was a very pleasing little farce. The military drill on Saturday and Monday evenings by 16 boys under the direction of John A. Gunn was enjoyed by spectators and participants and showed to good effect the wonderful work the boys are doing under his leadership.

The program Saturday evening was interesting, the children doing very good work. Some of the younger misses gave a part-recitation very creditably; a drill by the boys was well executed, directed by Mr. Gunn; some young lads sang a song with considerable spirit; and a number of young misses appeared on the stage in ancient costumes, and suiting the actions to the words sang about the old fashioned, old time style. This was a very pleasing number and the accompaniment during the evening were Misses Lillian Ryan and Helena Welch.

There were a few articles disposed of, among them being 20 pounds of sugar, which was secured by Mrs. Julia Hunter, and a sofa pillow, which was taken by Rev. Fr. Leonard, who returned the pillow, to be disposed of otherwise.

Following are some of the articles with the names of the parties who secured them: Ton of coal, C. H. Howe; cord of wood, J. A. McDonald; work bag, Miss Helena Welch; sofa pillow, Miss Marie Rand; \$5 gold piece, C. A. McGovern; umbrella, Mrs. Buckley; sweater, T. H. Underwood; two hens and a rooster, Mrs. Robert Stenson; water set, Mrs. William Welch; embroidered center piece, C. E. Moore; sofa pillow, Mrs. J. Cox; hand bag, Mrs. Doty; bed spread, Miss A. Morency; barrel of apples, J. T. Kacicot; large doll, Miss Henley; boy's suit, Frank Piche; electric lamp, Miss Mary Walsh; barrel of flour, Charles Mehan; box cigars, M. C. Stenson; turkey, James Buckley; goose, Harold Conkley; pair of blankets, Mrs. Jeff Liberty; ice cream set, Mrs. B. Roach; \$5 in gold, T. D. Pidgeon; rocking chair, Mrs. John Lynch; clock, J. H. Leith; electric lamp, Mary Walsh; pillow, John H. Ryan and James Buckley; \$10 in gold, Lizzie McGill; box of cigars, Patrick McKillip.

The bazar closed Monday night and during the evening James Cosgrove, in a pleasing way, presented to Miss Lillian Ryan, in behalf of the parish, a large framed picture of Rev. Fr. Leonard, in recognition of her splendid work in preparation of the entertainments for the evenings of the bazar. A gratifying sum was realized from the four nights.

A large framed picture of Rev. Fr. Leonard was offered as a prize to the family bringing in the largest proceeds during the fair. This picture was secured by the family of James Flynn.

## Universalist Sale and Supper.

The large number of people who attended the clam chowder supper at the Universalist church Thursday evening proved the popularity of these suppers, and this one was fully up to the standard already reached. Music was furnished during the supper hours by Young's Orchestra.

The ladies held a successful sale Thursday and Friday, disposing of many fancy articles, dolls, aprons and candy, which were displayed in attractive booths.

The entertainment Friday evening included tableaux, a farce, "My Wife's Bonnet," a reading by Miss Marion Ellis, and an old style singing school, given by ten ladies and gentlemen, all of which proved very entertaining, and upheld the enviable reputation the ladies of this church have in this line.

## Y. M. C. A. Notes.

## A Popular Savings Bank.

The large and ever growing list of depositors is the best possible indication of the popularity of the Lamoille County Savings Bank and Trust Company. One good reason for this popularity is well summed up in the following from the Burlington Clipper:

The motto of Gov. Page's home savings bank of which he is the president, "every cent loaned in Vermont," has proved a winner. There is no more popular or successful savings institution in Vermont.

This bank pays 4 per cent compounded semi-annually on deposits of \$100 or more, remaining in the bank one full year.

## PEACHAM.

A Notable Ministerial Record.

At the home of Mrs. Harrison McLachlin a quiet observance was held yesterday of the 84th birthday anniversary of her father, Rev. Piny Nye Granger, and the 54th anniversary of his continuous service in the ministry. Born in Bethel, November 26, 1823, he lived there until 17 years old, when with his parents he moved to Woodstock. In 1845 the spirit of adventure being strong upon him, he embarked on a whaling ship for a three and one-half years voyage. In the spring of 1853 he was admitted to the Vermont Methodist Conference and has continued in the work up to the present time, his pastorate since 1904 being at Peacham.

His first vacation in all these years was taken in 1906. May 26, 1849, he married Sophia Richmond of Woodstock, who died December 24, 1878. Of their six children, three are living, Frank B., of St. Johnsbury, Guy R., of Walden, and Mrs. McLachlin, with whom he lives. September 7, 1880, he was united in marriage with Ellen E. Stevens of Derby, who shares with him his love of church work.

Mr. Granger was presiding elder eight years, four years in the St. Albans district, and four in the St. Johnsbury district. He represented the Vermont conference at the general conference at Cincinnati in 1880 and at Philadelphia in 1884. He was county commissioner for eight years; represented the town of Peacham in the legislature of 1872, and was senator from Caledonia county in 1874. He has twelve grandchildren and three great-grandchildren. It is said that there is probably not another minister in the Vermont conference who can equal Mr. Granger's record in length of continuous service.

## Bradstreet's Vermont Trade Report.

Reports to Bradstreet's for the week indicate confidence, and coupled with desire manufacturers are taking measures to bring about normal conditions. Local banks have cooperated in movement and their willingness has been a factor of no small importance. Shortage of currency while still felt, has in some sections with returns of confidence been such that progress has been made, consensus of opinions prevails, readjustment process, in the state will be shown but with returns from crops the situation will be materially relieved. Produce, from farms, is being marketed at good profit.

Manufacturers report considerable volume of orders on hand and these plants which have been operating on short time with reduced force and inclined to increase in hours are employees as circumstances will permit. Labor is plentiful.

The situation among the granite manufacturers, always more or less strained at this season of year, is at present more so by reason of difficulty in making collections. Volume of business done in this line during past year has been heavy, orders have been very large, situation in labor having tended to bring about such condition more markedly.

On the other hand money has come in slowly and at present amount of receivables is largely in excess of what is general at season of year. Many of smaller concerns find it difficult to obtain money to supply pay roll, who under ordinary conditions would be able to work out all right. With time it is expected granite men will be able to work out if not pressed too hard and as far as is consistent creditors are so viewing the situation. Plants are supplied with orders enough to keep men busy remainder of year. Among the retail merchants there is tendency towards light buying for future delivery. Some clearance sales have been inaugurated during past week.

General trade has been fairly good. Reports from rural districts note little if any falling off and demand is fully up to period for season of year. Cool weather has prevailed but a fall of snow is needed to stimulate larger buying. Pre-Thanksgiving sales have been good in food stuffs although number of turkey marketed has been less this year than usual and prices correspondingly high. Unfavorable weather earlier in year did harm to young birds. Wholesale firms report fairly good demand for groceries and food stuffs and while collections are slow, condition would show fair amount of money available by country merchants. Week has been free from failures in state. With continued progress that has already been made predictions are for active spring business.
